March 1, 2011

Chairman Hendrick
House Natural Resources Committee
Montana House of Representatives
PO Box 200400
Helena, MT 59620-0400

Dear Chairman Hendrick:

I write on behalf of two statutory basin water management planning entities, the Upper Clark Fork River Basin Steering and the Clark Fork River Basin Task Force, to support SB103, which creates a permit exemption for a well or developed spring for use in nonconsumptive geothermal heating or cooling applications under specified conditions. The conditions set forth in 85-2-306(3)(a) of the bill will ensure that it will facilitate saving energy that would otherwise be used for heating and cooling without adversely affecting existing water right holders. Both groups therefore urge passage of SB103.

The Steering Committee is a water planning entity for the upper Clark Fork River basin established by state statute, 85-2-338. Steering Committee members are appointed by the basin's counties, conservation districts, or the DNRC director and are representative of the basin water interests. A list of Steering Committee members is included below.

The Task Force addresses water planning for the entire Clark Fork River basin pursuant to 85-2-350. Its members are appointed by the Director of the Department of Natural Resources and Conservation (DNRC) to be representative of the basin in terms of geography and water interests. A list of Task Force members is also included.

Representatives of two state agencies, the Natural Resource Damage Program and the Department of Fish, Wildlife and Parks abstained from the Steering Committee's consideration of legislation as they are not authorized to speak on behalf of their agencies on legislative matters. Neither the Steering Committee, nor the Task Force speaks on behalf of the DNRC.

Thank you.

Gerald Mueller
Steering Committee and Task Force Facilitator

Upper Clark Fork River Basin Steering Committee Members

Name	Area or Organization Represented	Appointment Entity	Date Appointed
Darryl Barton	City of Deer Lodge	DNRC Director	2010
Bob Benson	Clark Fork-Pend Oreille Coalition	DNRC Director	1997
